## **NEWSLETTER 1<sup>st</sup> March 2019**

### **TERM 1 Week 5**

#### **FROM THE PRINCIPAL**

This week in Ulan Senior we have been using the Stemshare robots and iPads to code a path through an obstacle course. On Friday afternoon the Seniors taught the Juniors how to code on the Blockly App. The Juniors will be having a go by themselves next week. The Seniors have been posting videos of their robot travels on the SeeSaw app. We already have a few families who have downloaded the app on their smartphones and have been watching the videos. SeeSaw is available in the app stores for both Samsung and Apple. All Ulan PS students will be signed up very soon.
